SHINGLE LUMBER SCARCE.

Tacoma, Wash., Dec. 14.—During the past year the shingle mills of Western Washington have manufactured nearly 10,000,000 shingles, making this year's output the lowest on record. The shingle demand is light just now, as building activity has ebbed both on the coast and in the East. Prices have been good throughout the year and most manufacturers have made money.

The shingle manufacturers are now confronted with a serious problem resulting from the growing scarcity of accessible cedar timber. Through this State still contains immense cedar forests, shingle mill owners find it difficult to obtain a steady supply unless they own their own timber. Many private speculators and syndicates have purchased large belts of timber and are holding them for rapidly increasing prices resulting from this growing scarcity. Not long ago cedar timber could be obtained at 50 cents to \$1 stumpage per 1000 feet. Now the prevailing rate is \$2.

The matter of obtaining a steady supply of cedar will be one of the most important questions considered at next month's meeting of the State Shingle Manufacturers' Association.

We have a dual reason in urging these and a selfish one. Buy one for your friend and you will infallibly buy one later for yourself. They are not expensive—From Two and a Half Dollars Up.

## HANNA AND FORAKER FORCES ARE AT WAR

Cincinnati, O., Dec. 15.—Much interest is taken in the expected trip of George B. Hanna and other Republican leaders to Washington this week. Owing to the contest between the friends of Senator Foraker and Senator Hanna over the organization of the Legislature, there is unusual agitation all over the State. The long distance telephone has been in use daily between Washington and Ohio cities, and especially with certain Republicans at Columbus and Cincinnati, and now it is reported that there may be another attempt at compromise by a conference to Washington before the Republican caucuses are held at Columbus two weeks from next Saturday. If no compromise is made, it is reported that both Senators Foraker and Hanna may come to Columbus after Congress adjourns for the holidays to marshal their respective forces for the caucus contest.

During the campaign of the past summer it is reported the Ohio Senators co-operated in the interests of the Republican candidates for the Legislature, as Senator Foraker's successor is to be elected now (January 14th) and Senator Hanna's successor in two years hence. The junior Ohio Senator was interested as well as the senior Ohio Senator, because it so happened that about 8 per cent of the members-elect are on their first terms and are expected to be serving their second term when the election of Hanna's successor takes place in the next Legislature.

The Hanna men assert that the Foraker men proceeded after the election to form a slate for the organization of both branches of the Legislature, with ulterior views, to wit: that the requirement of voting two years hence. The contest about two weeks ago broke out into open conflict, and now there are opposing tickets, composed of Foraker and Hanna men respectively, for the caucuses in both the Republican State Senators and the Republican Representatives. The opposing candidates are not limited to the present officers, but the factional lines are carried on down the list to clerks, sergeants-at-arms and everything.

Many leading Republicans from Ohio have visited Washington the past week, and none of them reports any prospect of peace or compromise, so that the indications are that the contest will continue for almost three weeks longer.

## SOUTH AMERICAN WARS.

London, Dec. 13.—It is learned from an authoritative source that the Chilean reply to the representations of the Minister of the Argentine Republic to Chile was presented today. Confidence is expressed by the officials here that the basis for a settlement proposed will lead to a satisfactory arrangement between the two governments.  
Buenos Ayres, Dec. 13.—The Chilean reply to the representations of the Minister of the Argentine Republic to Chile has not yet been made known. The newspapers here publish bulletins today assuring the public that all matters between the two countries will be honorably arranged.

Dispatches from Santiago de Chile say that Senator Yanez, Chilean Minister of Foreign Affairs, has handed the basis of a new proposition to Senator Portet, Minister of the Argentine Republic, in Chile, to effect the impartial and friendly settlement of the dispute between the two countries. If these bases are refused by the Argentine Republic, Chile will make no further proposition. The refusal of the Argentine Republic will be taken as indicating that that country desires war.

Washington, Dec. 13.—Senator Yanez, the Chilean Minister of Foreign Affairs, had an interview at Santiago this afternoon with the Argentine Minister, Senator Portet, and handed him the Chilean reply for transmission to the Argentine Government.

London, Dec. 14.—The Daily Mail has received dispatches from Valparaiso and Buenos Ayres expressing the belief that peace will be preserved and stating that Great Britain has notified both the Argentine and Chilean governments of her willingness to mediate if requested to do so.

The Chilean State Council, the dispatch adds, recommends that the strength of the navy be increased to fifteen large warships.
